Dear Sir

As mentioned before we are very happy, I asked some months ago for a price list for weights especially the 1000kg and 500kg weights we never received any news.

Exchange rate is a bit bad at the moment and we still have some stock left of the 20kg weights

Best Regards

Dear Mr. Kasser,

Best Compliments,

I wonder, whether our last supply of 20kg, 10kg and 5kg Cast Iron Weights during June 2018 met your expectation or not. Are you satisfied with our quality?

We shall be pleased to serve you again.

What is your plan to place your fresh order for our Weights?

Thanking you for your co-operation.

Kind regards,
